

# BHEEMARASETTY PRANEESHA

## Software Development Engineer Intern

+91 9392356950 | [pranesha182004@gmail.com](mailto:pranesha182004@gmail.com) | Bengaluru, Karnataka | [LinkedIn](#) | [GitHub](#)

### SUMMARY

Computer Science graduate and SDE Intern with hands-on experience building full-stack and AI-powered applications. Skilled in Java, Spring Boot, Angular, Python, data engineering with PySpark and Databricks, and agentic AI workflows. Strong foundation in data structures, databases, scalable backend systems, and semantic search.

### TECHNICAL SKILLS

**Languages:** Java, Python, JavaScript, SQL, C  
**Backend & Web:** Spring Boot, Angular, React.js, Node.js, Express.js, FastAPI, HTML, CSS  
**AI & Data:** Agentic AI, OpenAI CLIP, PyTorch, PySpark, Databricks, Vector Search, Qdrant  
**Databases & Tools:** MySQL, MongoDB, Git, GitHub, Docker, VS Code  
**Core:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

### EXPERIENCE

**Software Development Engineer Intern | HashedIn by Deloitte** Present  
Bellandur, Bengaluru, Karnataka

- Developing software engineering skills across Java, Spring Boot, Angular, and Python in an enterprise delivery environment.
- Building knowledge in agentic AI and data-engineering workflows using PySpark and Databricks.

**SDE Trainee Intern | Aspire InfoLabs Pvt. Ltd.** Sep 2025 – Apr 2026  
Hyderabad, Telangana

- Developed MERN-stack projects using MongoDB, Express.js, React.js, and Node.js.
- Implemented authentication and authorization workflows using JWT and session-based logic.

**Front-end Developer Intern | a-hub, Andhra University** Jul 2024 – Dec 2024  
Visakhapatnam, Andhra Pradesh

- Developed [FixMyMill](#), a platform for workshops, internships, and student projects using React.js and Chakra UI.
- Implemented service listings, project uploads, and an ambassador-program workflow.

**Web Development Intern | DEVMEUP Virtual Internship** Jun 2025 – Jul 2025

- Built a [Study Tracker](#) application with student login, subject enrolment, progress tracking, authentication, and a structured dashboard.
- Designed the application for a clear, organised student experience.

**Web Development Intern | AICTE Virtual Internship** Apr 2024 – Jun 2024

- Built responsive web applications including an image gallery, calculator, and responsive website using HTML, CSS, and JavaScript.

### PROJECTS

**AI-Powered CCTV Video Search | B.Tech Final-Year Project** [GitHub](#)

- Built an AI-powered video-retrieval system that returns relevant video frames and timestamps from natural-language queries.
- Generated normalized 512-dimensional image and text embeddings with CLIP ViT-B/16; indexed frames in Qdrant and retrieved matches using cosine similarity.
- Implemented a React frontend, Node.js backend, FastAPI/PyTorch ML service, MongoDB metadata store, Docker-based deployment, prompt-enhanced queries, and temporal sliding-window pooling.

**Varahi Pickles | Personal Project** [GitHub Profile](#)

- Created a React.js and Chakra UI product showcase with responsive navigation, product gallery, WhatsApp contact, and JSON-server-backed product data.

EDUCATION

|                                                                                                                                                |             |
|------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>B.Tech, Computer Science &amp; Systems Engineering</b><br>Andhra University College of Engineering, Visakhapatnam<br><b>CGPA: 8.77 / 10</b> | 2022 – 2026 |
| <b>Class XII, AP Board</b><br>Sri Chaitanya Junior College — 97.8%                                                                             | 2020 – 2022 |
| <b>Class X, SSC</b><br>Success 'n' Success School — 10 / 10                                                                                    | 2019 – 2020 |
